“ *LiL Bob I constantly pick up my phone to call or text you. You are in my heart and the memories we shared are priceless. I remember when you started walking, talking, graduating from high school .I also remember flying with you to Howard University and getting your dorm set up. It was such a proud moment for us both. You found a part-time job at Starbucks the same weekend I moved you in. I remember you being in my wedding and most of all I remember our conversations. During one of our last text conversations you told me you repented and gave your life to God. Out of all your accomplishments, this was the most proud of you I have ever been. RIP.*
