“ *Carmen popped into my mind a month ago. Then I looked up her artistic activities online. Only to see her obituary. I am very saddened because Carmen was a Wonderful spirit. I met Carmen I Harlem, NY during the mid-2000's. Carmen was a respectable woman. I aided Carmen during a Harlem club performance. I contractually took Carmen to a Brooklyn recording studio to get her music reviewed & her talent produced. Carmen had potential to become a competitor to artist Nikki Minaj, in my opinion. Carmen will certainly be missed.*

I am still in shock over this news and I just can not understand what happened to my friend Carmen. We went through a lot together during the tour of our show in Europe and kept in touch afterwards. I expected to write to her about the news of my babyboy and found that she was gone. I am so sad and confused. I always loved her talent and motivation and was already rooting for her. She is in my heart.

Carmen and I performed together in 1994 in a Recreational Theater Production of 'Dreamgirls' in New Orleans', Louisiana. Concurrently, I took a Management class with Her Belated and Beloved Mom that preceded Her in death, Dr. Ellen Everett White at the University of New Orleans. I am saddened by her seemingly early and untimely passing. Love, Alan Liddell. 🕊️

A dream realized what she was..the talent of of super-star is what she was..incredibly gifted. She wrote many of her songs, plays, screen plays and had a incredibly brilliant mind. Kind, satay and mindful and a walking magnet of pure significance..she is the force the force this worlds needs right now. I missi her much and will forever. Loving her was the least I could do.

It's 2026 and I'm just finding out my friend passed away in 2019! She was an amazing talent. Before Rihanna recorded the track that would eventually become Pon Da Replay... Carmen wrote and recorded a demo to the track. I have to find it. Her voice and style was so unique! The last time we spoke was probably 2017. I'm so saddened by this news. May she rest in peace.
