“ Im going to miss the many visits she made down here. She had more nieces and nephews than my crew but whenever she came home she always came and stayed with us(the house with the most kids in it). That's what made it all more special even though she loved us all. We would make special trips to the store just to buy all the items that we knew she loved and she would still end up giving half of it away to my kids. We dreaded when the time came for her to leave so she would always stay an extra two to three days just for us. We're gonna miss you dearly.

“ I'm gonna miss the conversations we use to have. You used to tell me that you got a lot of nieces & nephews in Georgia and it would be nice to hear from some of them sometimes. I'm definitely glad I was one of them. Rest on auntie! Take your rest & you will definitely be missed!
