“ I want the family to know that there was a error in my first post and I am correct the mistake. I meant that "Hope would listen to anything you had going on with you".

“ I remember when Hope use to come to my house and she took me the store when I was not able to drive myself. When you were in Hope's presence you was never without a laugh. She would talk to you about what was going on with her and she won't listen to whatever you have going on. She's gonna be missed but she's in a better place than we are ( no more pain or suffering). Rest In Peace Hope. We love you. May your children and your family hold their heads up from whence cometh their help. May God Bless them and strengthen them where they are weak.
