“Willie was a good man it's hard to believe he gone .He was aware of my struggles with Worth Co and he was a good person to talk to . I respect him as a human being and I feel like he felt the same way about me . When my back was to the wall and I was broke as a joke , He show up Like He did this past Thanksgiving He came to my house with two big ole plates from his family's get together. I had just got of jail and was banned in four counties , i lost home , my way of making a living , the family business , and my father because of a family's custody battle with them claiming he has alzheimers I had no money and my old lady was sad too and we was preparing to eat chicken out of a can ,I was hating that thanksgiving day then He shows up with them plates , though i thanked profesly I never asked him , nor do I know how He knew there was a need . i've lived most of my life with no want at all , you know every Thanksgiving we see on Tv those "other" people . I've had a many thanksgiving I took for granted with cousins and kin where i was invited or expected to go ,now our house divided they dont want you to show .I'm proud to say this thanks giving was one the best and the most appreciated ive ever had . yes if you want know i was so happy i cried .. GOD BLESS YOU AND KEEP YOU AND PRAYERS FOR THE FAMILY richard lee futrill and stormy ..
